Communications, Inc., d/b/a ITS Network Services.)

ORDER CANCELING CERTIFICATE AND TARIFF
AND CLOSING CASE

Issue Date: July 13, 2005

Effective Date: July 23, 2005

This order cancels the certificate of service authority and tariff of ECI Communications, Inc., d/b/a ITS Network Services.

On June 14, 2005, the Staff of the Missouri Public Service Commission moved to cancel the certificate of service authority and tariff of ECI Communications. In its motion, Staff states that this Commission granted ECI Communications a certificate of service authority to provide interexchange telecommunications services in Case No. TA-2002-401. In the same case, the Commission approved ECI Communications' tariff, PSC Mo.-No. 1.

Staff further states that the web site of the Office of the Missouri Secretary of State reports that the certificate of authority granted to ECI Communications remains in "good standing" with the company's last filing made on September 29, 2004. Staff states that ECI Communications, a Nevada corporation, is listed as in default by the Nevada Secretary of State.¹ In further support of its motion, Staff states that the telephone number, facsimile number, and the web address provided by the company are no longer in service.

¹ Under Nevada law, however, ECI Communications' charter has not yet been revoked.

Counsel for Staff has attempted to contact the company through its former representative who filed the company's most recent annual report, but the representative was no longer retained by the company and had no additional information for contacting the company. Staff further states that ECI Communications owes a "minimal" assessment to the Commission. Because ECI Communications does not appear to be providing telecommunications service in Missouri and because it cannot be contacted, Staff recommends that the Commission issue an order canceling ECI Communications' certificate and tariff.

Staff served its motion on the last known address of the company as filed with the Commission and on the company's registered agent. No response to Staff's motion was received.

Under Section 392.410, RSMo Supp. 2004, the Commission has the authority to cancel a telecommunications corporation's certificate. After reviewing Staff's motion, the Commission determines that this company is no longer in business in the state. Therefore, the Commission finds that the certificate of service authority granted to ECI Communications, along with the accompanying tariff, should be canceled.

To ensure that the company has had every opportunity to respond, the Commission will require its Data Center to serve this order upon the addresses for the company as listed in Staff's certificate of service.

IT IS THEREFORE ORDERED:

1. That the certificate of service authority granted to ECI Communications, Inc., d/b/a ITS Network Services, in Case No. TA-2002-401 is canceled.
2. That the accompanying tariff, PSC Mo.-No. 1, filed by ECI Communications, Inc., d/b/a ITS Network Services, is canceled.

3. That the Data Center of the Commission shall serve a copy of this order on the following:

4. That this order shall become effective on July 23, 2005.
5. That this case may be closed on July 24, 2005.
